

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Claims 1-10 (Canceled)

Claim 11. (Previously Presented) A method of administering an extract of feverfew to a human, said method comprising topically applying a composition comprising an extract of feverfew to said human wherein said extract is substantially free of α -unsaturated γ -lactone.

Claim 12. (Previously Presented) A method of claim 11, wherein said composition is in the form selected from the group consisting of a gel, cream, lotion, solution, powder, and ointment.

Claim 13. (Previously Presented) A method of claim 11, wherein said composition is comprised within a member selected from the group consisting of a bandage, a hydrocolloid dressing, a patch and a cloth wipe.

Claim 14. (Previously Presented) A method of claim 11, wherein said composition comprises between about 0.001% to about 10% by weight of said extract.

Claim 15. (Previously Presented) A method of claim 12, wherein said composition comprises between about 0.001% to about 10% by weight of said extract.

Claim 16. (Previously Presented) A method of claim 13, wherein said composition comprises between about 0.001% to about 10% by weight of said extract.

Claim 17. (Previously Presented) A method of claim 11, wherein said composition further comprises a retinoid.

Claim 18. (Previously Presented) A method of claim 12, wherein said composition further comprises a retinoid.

Claim 19. (Previously Presented) A method of claim 13, wherein said composition further comprises a retinoid.

Claim 20. (Previously Presented) A method of claim 11, wherein said composition further comprises a compound selected from the group consisting of salicylic acid and benzoyl peroxide.

Claim 21. (Previously Presented) A method of claim 12, wherein said composition further comprises a compound selected from the group consisting of salicylic acid and benzoyl peroxide.

Claim 22. (Previously Presented) A method of claim 13, wherein said composition further comprises a compound selected from the group consisting of salicylic acid and benzoyl peroxide.

Claim 23. (Previously Presented) A method of claim 11, wherein said composition further comprises a compound selected from the group consisting of a corticosteroid, an antifungal, an antibiotic, and an antiseptic.

Claim 24. (Previously Presented) A method of claim 12, wherein said composition further comprises a compound selected from the group consisting of a corticosteroid, an antifungal, an antibiotic, and an antiseptic.

Claim 25. (Previously Presented) A method of claim 13, wherein said composition further comprises a compound selected from the group consisting of a corticosteroid, an antifungal, an antibiotic, and an antiseptic.

Claim 26. (Previously Presented) A method of claim 11, wherein said composition further comprises an ingredient selected from the group consisting of a legume extract and oat protein.

Claim 27. (Previously Presented) A method of claim 12, wherein said composition further comprises an ingredient selected from the group consisting of a legume extract and oat protein.

Claim 28. (Previously Presented) A method of claim 13, wherein said composition further comprises an ingredient selected from the group consisting of a legume extract and oat protein.

Claim 29. (Previously Presented) A method of claim 11, wherein said composition further comprises a compound selected from the group consisting of a vitamin and a hydroxy acid.

Claim 30. (Previously Presented) A method of claim 12, wherein said composition further comprises a compound selected from the group consisting of a vitamin and a hydroxy acid.

Claim 31. (Previously Presented) A method of claim 13, wherein said composition further comprises a compound selected from the group consisting of a vitamin and a hydroxy acid.

Claim 32. (Previously Presented) A method of claim 11, wherein said composition further comprises dimethicone.

Claim 33. (Previously Presented) A method of claim 12, wherein said composition further comprises dimethicone.

Claim 34. (Previously Presented) A method of claim 13, wherein said composition further comprises dimethicone.

Claim 35. (Previously Presented) A method of claim 11, wherein said composition further comprises a surface active agent.

Claim 36. (Previously Presented) A method of claim 12, wherein said composition further comprises a surface active agent.

37. (Previously Presented) A method of claim 13, wherein said composition further comprises a surface active agent.

38. (Previously Presented) A method of claim 20, wherein said composition further comprises a surface active agent.

Serial No. 10/721,537

39. (Previously Presented) A method of claim 21, wherein said composition further comprises a surface active agent.

40. (Previously Presented) A method of claim 22, wherein said composition further comprises a surface active agent.
